COPYRIGHT AGREEMENT

NOTICE:

The copyright law of the United States [Title 17, U.S. Code] governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One such condition specifies that the photocopy or reproduction not be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a request for reproduction of items in its' collections if, in its judgment, fulfillment of the order would involve violation of copyright law.

DESCRIPTION OF MATERIALS REPRODUCED: _____

The Archive has made these reproductions for a one-time use as specified above. Copies may not be sold or placed in other institutions. Copies may not be further duplicated or given to other individuals. This agreement also covers any other digital or photographic reproductions of images from the holdings of the Kennedy Mine Foundation Mining Archive.

IMPORTANT NOTICE: In some cases, the Archive does not hold copyright to manuscripts, documents, photographs or other items in its' collections. Publication or display of these reproductions without permission of the copyright holder may constitute copyright infringement. **If permission to publish is obtained, citations to these copies must identify the location of the original with the statement: " [fill in title of item and collection], Kennedy Mine Foundation Mining Archives, Jackson, CA."**
